Dear Sir/Madam,

I am currently looking for an apprenticeship contract at the Bac+2 and Bac+3 level to join a Professional License program in Networks and Telecommunications. Therefore, I am writing to express my interest in the Network and Telecom Technician Apprenticeship position.

Your job posting indicates that the role involves managing the computer and telephone equipment, resolving incidents, tracking and renewing equipment, managing server files, as well as handling GDPR and access permissions. I am confident that my skills in Networks and Telecommunications, as well as my attention to detail and organizational abilities, make me a suitable candidate for this role.

During my first year of training in Networks and Telecommunications, I have gained the knowledge and skills required to meet your expectations. I have worked on maintaining and configuring networks and telecommunications, as well as managing incidents, diagnosing and quickly resolving faults to ensure continuity of service. I have also worked on professional projects known as SAE (Situations d'Apprentissage et d'Évaluation), where I have acquired knowledge of managing computer equipment, as well as complying with standards and regulations, particularly GDPR. These skills would be an asset in carrying out the Network and Telecom Technician's duties as an apprentice in your company.

I am responsive and capable of prioritizing requests based on their importance and urgency. Finally, I am available to work from Monday to Friday, and I am willing to fully commit to this apprenticeship.

Thank you for considering my application, and I am available for an interview to discuss my motivation and experience further.

Yours sincerely,
