Happiness at work :

In correlation of the both documents i can do a resume about the both what talk about the happiness at work i can say so that the happiness at work need to have a good wages , a structure plans mean a good plan of what to do during the job , a social plans : don't hesitate to talk with other peoples on the same job has you , the stimulation : learn all time more than ask cause it will help you to challenge you , and story tell the story of peoples who work like that.
